Cochrane Library

NEW

Cochrane Library is a great place to go to find systematic reviews, clinical trials, and answers to clinical questions. It is openly accessible to everyone within Atlantic Canada. Cochrane Reviews provide plain language summaries making evidence more accessible to all.

Date: Monday, April 15 **Time:** 10:00 – 10:45 am

Intro to LMS: Creating an eLearning course

CONTENT CREATION

Tasked with creating an eLearning course for LMS, but not sure where to start? This session will provide an overview of the course creation process. We'll introduce you to the "Creating Courses for LMS" intranet page, where you'll find resources to ensure your online course reflects high quality content with optimal readability and performance in Nova Scotia Health's LMS.

Date: Tuesday, April 16 **Time:** 10:00 – 10:30 am

Intellectual Property 101

Do you have a great idea that you think might help patients and you want to know how to protect it? These and many more questions will be answered in this interactive presentation led by the Nova Scotia Health Innovation Hub.

Date: Wednesday, April 17 **Time:** 12:00 – 1:00 pm

Anatomy TV

The human anatomy is complex. Anatomy TV provides a moveable 3D model of the human body that allows you to explore different layers of various bodily systems. Learn how to use and navigate this powerful tool to improve your understanding of the human anatomy.

Date: Thursday, April 18 **Time:** 10:00 – 10:30 am

Find it Fast with Library Services

ORIENTATION

This session focuses on navigating core library tools and resources including, the catalogue, ejournals and ebooks, and databases. Get oriented with the supports and resources available to you through Library Services in this virtual tour.

Date: Wednesday, April 24 **Time:** 10:00 – 10:45 am

Developing Patient Education Pamphlets

CONTENT CREATION

This session will highlight how easy-to-read and up-to-date patient education materials can support both patient care and safety. You'll learn about creating a new pamphlet, how to facilitate the updating process, and how to find, use and share Nova Scotia Health patient pamphlets.

Date: Wednesday, April 24 **Time:** 1:00 – 1:45 pm

Health Literacy in Health Care

NEW

This session will explore how low health literacy can impact not only patients and the entire health care system. You'll learn about the current Canadian literacy landscape and ways you can mitigate the challenges for your patients (and their support persons) for increased patient-centered care and safety.

Date: Tuesday, April 30 **Time:** 1:00 – 2:00 pm
